

YOUR PARTNER IN INNOVATIVE GLASS

Interested in a low-emissivity coating that will let more light in without the heat gain? Concerned about your investment and would like to upgrade your security applications? Or how about a shower enclosure designed to fit your needs? Glaz-Tech Industries and its innovative capabilities can meet those ideas and much more. GTI is a leader in flat glass distribution and developer in solutions for residential and commercial applications. If you're looking for a single-lite or need a specifically designed insulated unit, Glaz-Tech Industries is your answer.

MORE THAN AESTHETICS

Although aesthetically beautiful in clarity, Glaz-Tech Industries pushes the limit in the proper function and performance of glass applications. A combination of visual complexion, durability and performance proficiency meets or exceeds today's performance standards. Clear or custom fabricated glass, GTI is the ideal choice for a wide range of applications.

THICKNESS AVAILABILITY

Glazing	Heavy Float Glazing
3/32" : 2.5mm	1/4" : 6.0mm
