GTI™ GLAZ-TECH INDUSTRIES DESIGN THROUGH GLASS

Specialty Glass

Glaz-Tech Industries offers an array of specialty patterned glass that is paramount in quality and texture. With various designs accommodating the consumer's taste in today's market, Glaz-Tech does an exceptional job by selecting product that is unique for any shower & door enclosure or other applications that utilizes specialty glass. Whether it is used primarily for a heavy shower door or used to highlight architectural features, shower designers and architects alike share the freedom to create classic and distinctive applications.

Applications

- Shower Doors
- Entrance Systems
- Windows
- Skylights
- Entry Doors
- Rails
- Cabinets
- Table Tops
- Doors
- Insulated Units
